Petition

To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales.

The petition of citizens of New South Wales.

Brings to the attention of the House the impact that the changes in the Point to Point regulations has had on the value of Taxi licences across NSW. There has been a significant decrease in the values of Taxi licences across NSW. There has been minimal assistance given to Taxi licence owners for the deregulation of the booked market in which a Taxi licence operates in, whereas other booked service licence owners have been afforded full value for their licence.

The undersigned petitioners therefore ask the Legislative Assembly to call on the Minister for Transport and Infrastructure to pay full value for the booked market component of the Taxi licences in NSW, in line with what other booked service licences received.
